

## SONGA SHIPMANAGEMENT LTD.

### ENVIRONMENT POLICY

Songa Shipmanagement Ltd manages business in a socially, environmentally and economically responsible manner. Quality is an integral part of the Company's operating philosophy. Quality is reflected in the approach to all aspects of business policy in vessel owning, management and operations. Focus on Quality in turn fosters safe and ethical behavior in the use of Company equipment and assets.

It is Songa's policy, therefore, to avoid all types of pollution and to conduct operations with the utmost regard for the safety of its' employees, the public and the environment – in accordance with sound business practice and in compliance with environmental regulations.

The Environment Policy is of utmost importance to the Company and management, are committed to the continual improvement of performance.

The policy is aimed at promoting a "Zero-Spill" culture on board – the target of the policy being directed at having a zero-spill record throughout the fleet.

Songa Shipmanagement Ltd recognises environmental management as being among the highest corporate priorities and contrives to establish practices for conducting operations in an environmentally sound manner. The overall objective of the Environment Policy is to ensure avoidance of damage to the environment, in particular the marine environment and to property.

All Songa Shipmanagement Ltd personnel will adhere to this policy and will correct or identify to appropriate supervisory levels situations which run counter to this policy. Appropriate training, education and motivation is encouraged whereby personnel conduct their activities in an environmentally responsible manner.

The Environment Policy addresses the possibility of pollution from the following sources as appropriate:-

- Oil, associated products / chemicals
- Noxious Liquid Substances
- Sewage
- Dangerous Goods
- Garbage
- Ballast Water (Including the Transfer of Micro-organisms)
- Cargo Vapour and Engine Exhaust Emissions
- NOx & SOx
- Noise
- Anti Fouling Paints
- Purchase and Supply Activities

**The Company adopts the guidelines and principles as stated in the ICS Publication "Shipping and the Environment – A Code of Practice"**
