

SONGA SHIPMANAGEMENT LTD. ENVIRONMENT POLICY

Songa Shipmanagement Ltd manages business in a socially, environmentally and economically responsible manner.

Accordingly it is our policy, to avoid all types of pollution and to conduct operations with the utmost regard for the safety of our employees, the public and the environment – in accordance with sound best business practice and in compliance with environmental regulations.

Our environment policy is very important to us and the managing director and the senior management team, are fully committed to the continuous improvement of our performance.

The policy is aimed at promoting a “Zero-Spill” culture on board – the target of the policy being directed at having a zero-spill record throughout the fleet.

We recognise that environmental management is one of our highest business priorities and will establish practices for conducting operations in an environmentally sound manner. The overall objective of the Environment Policy is to ensure avoidance of damage to the environment, in particular the marine environment and to property.

All Songa Shipmanagement Ltd personnel will adhere to this policy and will correct or identify to appropriate supervisory levels situations which do not comply with this policy. Appropriate training, education and motivation is provided to allow personnel to conduct their activities in an environmentally responsible manner.

The Environment Policy addresses the possibility of pollution from the following sources as appropriate:-

- Oil, associated products / chemicals
- Noxious Liquid Substances
- Sewage
- Dangerous Goods
- Garbage
- Ballast Water (Including the Transfer of Micro-organisms)
- Cargo Vapour and Engine Exhaust Emissions
- NOx & SOx
- Noise
- Anti Fouling Paints
- Purchase and Supply Activities

The Company adopts the guidelines and principles as stated in the ICS Publication “Shipping and the Environment – A Code of Practice”
